Firing terms

CAPE POTTERY SUPPLIES (CPS) undertakes to fire the listed items in accordance with the specifications you have provided above. Firing is undertaken at your own risk, and CPS gives no warranties in this regard. CPS shall not be held liable for any damage or claims arising from a failure during the firing process caused by incorrect specifications, glaze selections or firing temperatures supplied by you.

Payment for firing must be made in full before any items are fired. Our firing cycle is typically three weeks. Please refer to the full Terms & Conditions on the CPS website.

Items not collected within three months may be sold to defray expenses or donated to charity.
